INDEPENDENT AUDITOR'S OPINION

To the Board of Education
Special Education District of McHenry County
Woodstock, Illinois

We have audited the accompanying basic financial statements of

Special Education District of McHenry County

as of and for the year ended June 30, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Illinois State Board of Education, as described in Note 2. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

eder, casella & co.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2, the financial statements are prepared by Special Education District of McHenry County on the basis of the financial reporting provisions of the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America to meet the requirements of Illinois State Board of Education. Also as described in Note 2, Special Education District of McHenry County prepares its financial statements on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 2 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Special Education District of McHenry County as of June 30, 2019, or changes in financial position for the year then ended.

Unmodified Opinion on Regulatory Cash Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from cash transactions of Special Education District of McHenry County as of June 30, 2019, and the revenues it received and expenditures it paid for the year then ended, in accordance with the financial reporting provisions of the Illinois State Board of Education as described in Note 2.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Special Education District of McHenry County’s basic financial statements. The supplemental information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards,* and is also not a required part of the basic financial statements.

Such information and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information, except for the average daily attendance figure included in the computation of operating expense per pupil and per capita tuition charges, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information and Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole, on the basis of accounting described in Note 2.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 1, 2019 on our consideration of Special Education District of McHenry County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Special Education District of McHenry County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Special Education District of McHenry County's internal control over financial reporting and compliance.

Restriction on Use

This report is intended solely for the information and use of management, the Board of Education, others within the District, and the Illinois State Board of Education and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Education
Special Education District of McHenry County
Woodstock, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of

Special Education District of McHenry County

as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Special Education District of McHenry County's basic financial statements, and have issued our report thereon dated October 1, 2019. Our opinion was adverse because the financial statements are not prepared in accordance with generally accepted accounting principles. However, the financial statements were found to be fairly stated on the cash basis of accounting, in accordance with regulatory reporting requirements established by the Illinois State Board of Education, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Special Education District of McHenry County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Special Education District of McHenry County's internal control. Accordingly, we do not express an opinion on the effectiveness of Special Education District of McHenry County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs as items 2019-001, 2019-002, we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Special Education District of McHenry County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2019-001 and 2019-002

Special Education District of McHenry County's Response to Findings

Special Education District of McHenry County's response to the findings identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. Special Education District of McHenry County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTE 1 - DESCRIPTION OF JOINT AGREEMENT

The Special Education District of McHenry County (SEDOM) is a joint agreement district organized under Section 10-22.31 of the Illinois School Code for the purpose of providing education and services for children with disabilities of its member school districts as defined and mandated by the provisions of the Illinois School Code.

Public school districts located all, or in part, in McHenry County, Illinois are eligible for membership.

The following districts are members of SEDOM at June 30, 2019:

District No.	District Name
2	Nippersink
12	Johnsburg
15	McHenry Elementary plus Junior High
18	Riley
19	Alden-Hebron
36	Harrison
50	Harvard
154	Marengo High
156	McHenry High
157	Richmond Burton High
165	Marengo-Union

The Governing Board of Directors consists of one board of education member from each participating district. The Governing Board of Directors meets generally twice a year to amend the Articles of Joint Agreement, elect Executive Board Members, and approve budgets.

The Executive Board shall be chosen from the members of the SEDOM Governing Board of Directors, from the members of the participating district boards of education, or from the Superintendents of Schools of the member districts and shall consist of seven (7) members, at least two (2) of these from high school or unit districts, at least two (2) of these from elementary school districts, and at least one (1) board of education member.

Day to day operations of SEDOM are administered by the Executive Director who reports to the Executive Board and the Governing Board of Directors. His/her specific duties and responsibilities are established by the Executive Board.

If available, each member district may provide at least one classroom for SEDOM programs and is to be reimbursed for expenses incurred in providing each classroom at a rate determined by the Executive Board.

Programs and services supplied by SEDOM are those established by the Board of Directors. Such programs are intended to be only those that the member districts cannot, or find difficult to, provide individually. Services provided include instructional, support, diagnostic, therapeutic, administrative and transportation.

Income is derived from State and Federal Aid, administrative assessments, tuition, and fees for services based on cost as determined by the Executive Board.

Procedures for withdrawal of a member board of education from the Joint Agreement will be in accordance with the Illinois School Code (See Sections 5/10-22.31 and 5/7-6) and consistent with the requirements and rules adopted by the Illinois State Board of Education.

The Joint Agreement may be dissolved by the approval of a written resolution by all of the member boards of education. For dissolution to take effect, all such resolutions must be adopted within a twelve-month period. Dissolution will be effective on July 1 following the approval of a written resolution by all of the member boards, or on such other July 1 as all of the member boards' resolutions authorize.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

SEDOM's accounting policies conform to the cash basis of accounting as defined by the Illinois State Board of Education Audit Guide.

A. *Basis of Presentation – Fund Accounting*

The accounts of SEDOM are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities arising from cash transactions, fund balance, revenue received, and expenditures disbursed. SEDOM maintains individual funds required by the State of Illinois.

These funds are grouped as required for reports filed with the Illinois State Board of Education. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds and account groups are used by SEDOM:

Educational Fund – The Educational Fund is the general operating fund of SEDOM. It is used to account for all transactions that are not specifically covered in another fund. Certain expenditures that must be charged to this fund include the direct costs of instructional programs, health and attendance services, lunch programs, all costs of administration, and related insurance costs. Certain revenues that must be credited to this fund include tuition and services provided to other LEAs.

Operations and Maintenance Fund – The Operations and Maintenance Fund is used to account for costs of maintaining, improving, or repairing school buildings and property, renting buildings and property for school purposes, or paying of premiums for insurance on school buildings. Revenue received for operations and maintenance purposes from any source must be deposited into this fund.

Debt Services Fund – The Debt Services Fund is used to account for all principal, interest, and administrative costs associated with the bond issuance to fund the replacement of the roof at SEDOM Center as well accounting for capital leases and other long-term debt. Operations of this fund are generally financed by billings assessed on the member school districts or transfers from other funds.

Transportation Fund – The Transportation Fund is used to account for the costs associated with transporting pupils for any purpose. Revenue received for transportation purposes from any source must be deposited into this fund.

Agency Fund – The Agency Fund is used to account for Student Activity Funds and Convenience Accounts, which are assets held by SEDOM as an agent for the students and teachers. This fund is custodial in nature and does not involve the measurement of the results of operations. The amounts due to the Agency Fund organizations are equal to the assets.

General Fixed Assets Account Group – The General Fixed Assets Account Group is used to record physical assets of SEDOM that have a long-term (i.e. more than one year) period of usefulness.

General Long-Term Debt Account Group – The General Long-Term Debt Account Group is used to record total long-term debt of SEDOM.

Measurement Focus

The financial statements of all funds, except the Agency Fund and two account groups, focus on the measurement of spending or "financial flow" and the determination of changes in financial position rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Fund operating statements present increases (cash receipts and other financing sources) and decreases (cash disbursements and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

General Fixed Assets and General Long-Term Debt Account Groups

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. Fixed assets used in operations are accounted for in the General Fixed Assets Account Group rather than in the funds. Long-term liabilities expected to be financed from the funds are accounted for in the General Long-Term Debt Account Group, not in the funds.

The two account groups are not "funds." They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

B. *Basis of Accounting*

Basis of accounting refers to when revenues received and expenditures disbursed are recognized in the accounts and how they are reported on the financial statements. SEDOM maintains its accounting records for all funds and account groups on the cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions.

Cash basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

Proceeds from sales of bonds are included as other financing sources in the appropriate fund on the date received. Related bond principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

If SEDOM utilized accounting principles generally accepted in the United States of America, the basic financial statements would be replaced with government-wide financial statements and fund financial statements. The government-wide financial statements would be presented on the accrual basis of accounting. The fund financial statements would use the modified accrual basis of accounting.

C. *Budgets and Budgetary Accounting*

The budget for all funds is prepared on the cash basis of accounting which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 105, Section 5/17-1 of the Illinois Compiled Statutes. The original budget was passed on August 15, 2018.

For each fund, total fund disbursements may not legally exceed the budgeted disbursements. The budget lapses at the end of each fiscal year.

SEDOM follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to July 1, the Director of Business Services submits to the Executive Board a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures and the means of financing them.

2. A public hearing is conducted at a public meeting to obtain member districts' comments.

3. Prior to September 1, the budget is legally adopted through passage of a resolution by the Governing Board.

4. Formal budgetary integration is employed as a management control device during the year.

5. The Executive Board may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.

6. The Governing Board may amend the budget (in other ways) by the same procedures required of its original adoption.

D. *Cash and Cash Equivalents*

Separate bank accounts are not maintained for all SEDOM funds. Instead, the funds maintain their balances in common accounts, with accounting records being maintained to show the portion of the common bank account balances attributable to each participating fund.

Occasionally certain of the funds participating in the common bank accounts will incur overdrafts (deficits) in the account. Such overdrafts in effect constitute cash borrowed from other SEDOM funds and are, therefore, interfund loans which have not been authorized by board action.

No SEDOM fund had a cash overdraft at June 30, 2019.

SEDOM has defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

E. *Investments*

Investments are stated at the lower of cost or market. Gains or losses on the sale of investments are recognized upon realization.

F. *Inventories*

No inventory accounts are maintained to reflect the values of resale or supply items on hand. Instead, the costs of such items are charged to expense when purchased. The value of SEDOM's inventories is not deemed to be material.

G. *Interfund Activity*

Interfund activity is reported either as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate. All other interfund transactions are treated as transfers.

H. *General Fixed Assets*

General fixed assets have been acquired for general governmental purposes. At the time of purchase, assets are recorded as disbursements in the funds for which the asset was purchased and capitalized at cost in the General Fixed Assets Account Group. Donated general fixed assets are stated at estimated fair market value as of the date of acquisition. Depreciation accounting is not considered applicable. SEDOM's capitalization threshold for fixed assets is $500. The policy for establishing the useful lives of fixed assets is established by the Illinois State Board of Education.

I. *Governmental Fund Balances*

Governmental fund balances are reported as "reserved" because they are legally segregated for a specific future use. The remaining balances are "unreserved" fund balances. From time to time, the Board agrees to set aside or "designate" resources for future uses – such as for specific capital projects. These unreserved, designated balances are based on management's tentative plans and can be changed.

J. *Total Memorandum Only*

The "Total Memorandum Only" column represents the aggregation (by addition) of the line item amounts reported for each fund and account group. No consolidating or other eliminations were made in arriving at the totals; thus they do not present consolidated information. These totals are presented only to facilitate financial analysis and are not intended to reflect the financial position or results of operations of SEDOM as a whole.

NOTE 3 - DEPOSITS AND INVESTMENTS

Deposits with financial institutions are fully insured or collateralized by securities held in SEDOM's name.

SEDOM is allowed to invest in securities as authorized by the School Code of Illinois, Chapter 85, Sections 902 and 906; and Chapter 122, Section 8-7.

Investments

As of June 30, 2019, SEDOM had the following investments and maturities:

Investment	Fair Value	Investment Maturities (in Years) Less Than 1
State Investment Pool	$ 45,055	$ 45,055

The fair value of investments in the State Investment Pool is the same as the value of pool shares. The State Investment Pool is not SEC-registered but does have regulatory oversight through the State of Illinois.

Credit Risk. State Law limits investments based on credit risk. SEDOM has an investment policy that would further limit its investment choices. As of June 30, 2019, SEDOM's investments were rated as follows:

Investment	Credit Rating	Rating Source
State Investment Pool	AAAm	Standard and Poor's

NOTE 4 - CHANGES IN GENERAL FIXED ASSETS

A summary of changes in general fixed assets follows:

	Balance July 1, 2018	Additions	Deletions	Balance June 30, 2019
Land	$ 22,338	$ -	$ -	$ 22,338
Building and Building Improvements	3,135,708	-	-	3,135,708
Capitalized Equipment	2,377,598	-	-	2,377,598
	$ 5,535,644	$ -	$ -	$ 5,535,644

NOTE 5 - CHANGES IN GENERAL LONG-TERM DEBT

For the year ended June 30, 2019 there was no general long-term debt issued or retired.

NOTE 6 - DEFICIT FUND BALANCE

At June 30, 2019 no fund had a deficit fund balance.

NOTE 7 - OVEREXPENDITURE OF BUDGET

For the year ended June 30, 2019, the following fund had expenditures that exceeded the budget.

Fund	Budget	Actual	Excess of Actual Over Budget
Educational	$ 7,023,624	$ 7,042,320	$ (18,696)

NOTE 8 - OPERATING LEASES

The District leases the use of the SEDOM Center building to the School of Expressive Arts and Learning, Inc. under operating leases.

Lease revenue for the fiscal year ended June 30, 2019 was $183,337. Annual lease receipts required under the lease agreements are as follows:

Year Ending June 30	Total
2020	$ 200,000

NOTE 9 - RETIREMENT FUND COMMITMENTS

A. *Teachers' Retirement System of the State of Illinois*

General Information About the Pension Plan

<u>Plan Description</u>

SEDOM participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at http://www.trsil.org/financial/cafrs/fy2018; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with ten years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last ten years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2% of final average salary up to a maximum of 75% with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with ten years of service, or a discounted annuity can be paid at age 62 with ten years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3% increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of 3% of the original benefit or ½% of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier III hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2020. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2021. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs will begin in 2019 and will be funded by bonds issued by the state of Illinois.

Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2018 was 9.0% of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-Behalf Contributions to TRS. The State of Illinois makes employer pension contributions on behalf of SEDOM. For the year ended June 30, 2019, State of Illinois contributions recognized by SEDOM were based on the State's proportionate share of the collective net pension liability associated with SEDOM, and SEDOM recognized revenue and expenditures of $276,880 in pension contributions from the State of Illinois.

2.2 Formula Contributions. Employers contribute 0.58% of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2019 were $2,842.

Federal and Special Trust Fund Contributions. When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2019, SEDOM pension contribution was 9.85% of salaries paid from federal and special trust funds. For the year ended June 30, 2019, salaries totaling $0 were paid from federal and special trust funds that required SEDOM contributions of $0.

Employer Retirement Cost Contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6% if those salaries are used to calculate a retiree's final average salary. Additionally, beginning with the year ended June 30, 2019, employers will make a similar contribution for salary increases over 3 percent if members are not exempted by current collective bargaining agreements or contracts.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2019, SEDOM paid $0 to TRS for employer contributions due on salary increases in excess of 6%, $0 for salary increases in excess of 3 percent and $0 for sick leave days granted in excess of the normal annual allotment.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, SEDOM reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to SEDOM. The State's support and total are for disclosure purposes only. The amount recognized by SEDOM as its proportionate share of the net pension liability, the related State support and the total portion of the net pension liability that was associated with SEDOM follows below:

District's proportionate share of the net pension liability	$ 43,036
State's proportionate share of the net pension liability associated with the District	2,948,154
Total	$ 2,991,190

The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017 and rolled forward to June 30, 2018. The employer's proportion of the net pension liability was based on SEDOM's share of contributions to TRS for the measurement year ended June 30, 2018, relative to the contributions of all participating TRS employers and the State during that period. At June 30, 2018, SEDOM's proportion was 0.0000552135%, which was a decrease of .0000385024 from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, SEDOM recognized pension expense of $276,880 and revenue of $276,880 for support provided by the State. At June 30, 2019, the deferred outflows of resources and deferred inflows of resources related to pensions were from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Outflows of Resources
Differences between expected and actual experience	$ 865	$ (9)	$ 856
Net difference between projected and actual earnings on pension investments	-	(132)	(132)
Changes of assumptions	1,888	(1,220)	668
Changes in proportion and differences between employer contributions and proportionate share of contributions	-	(142,235)	(142,235)
Employer contributions subsequent to the measurement date	2,842	-	2,842
	$ 5,595	$ (143,596)	$ (138,001)

$2,842 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2020. Other deferred outflows of resources and deferred inflows of resources related to pensions will be part of pension expense in future years as follows:

Year Ending June 30	
2020	$ (70,562)
2021	(44,717)
2022	(17,437)
2023	(5,796)
2024	(2,331)
	$ (140,843)

Actuarial Assumptions

The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary Increases	varies by amount of service credit
Investment Rate of Return	7.0%, net of pension plan investment expense, including inflation

In the June 30, 2018 actuarial valuation, mortality rates were based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates are based on a fully generational basis using projection table MP-2017. In the June 30, 2017 actuarial valuation, mortality rates were also based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2014.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. equities large cap	15.0%	6.7%
U.S. equities small/mid cap	2.0%	7.9%
International equities developed	13.6%	7.0%
Emerging market equities	3.4%	9.4%
U.S. bonds core	8.0%	2.2%
U.S. bonds high yeild	4.2%	4.4%
International debt developed	2.2%	1.3%
Emerging international debt	2.6%	4.5%
Real estate	16.0%	5.4%
Real return	4.0%	1.8%
Absolute return	14.0%	3.9%
Private Equity	15.0%	10.2%
Total	100.0%	

Discount Rate

At June 30, 2018, the discount rate used to measure total pension liability was 7.00%, which was the same as the June 30, 2017 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2018 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents SEDOM's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what SEDOM's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point-higher (8.00%) than the current rate.

	1% Decrease 6.00%	Current Discount Rate 7.00%	1% Increase 8.00%
Employer's proportionate share of the net pension liability	$ 52,780	$ 43,036	$ 35,190

TRS Fiduciary Net Position

Detailed information about the TRS's fiduciary net position as of June 30, 2018 is available in the separately issued TRS *Comprehensive Annual Financial Report.*

B. *Illinois Municipal Retirement Fund*

Plan Description

SEDOM's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. SEDOM's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired ***before*** January 1, 2011 are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last ten years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired ***on or after*** January 1, 2011 are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last ten years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

All appointed employees of a participating employer who are employed in a position normally requiring 600 hours (1,000 hours for certain employees hired after 1981) or more of work in a year are required to participate. As of December 31, 2018, the following employees were covered by the benefit terms:

Retirees and beneficiaries currently receiving benefits	221
Inactive plan members entitled to but not yet receiving benefits	276
Active plan members	4
Total	501

Contributions

As set by statute, SEDOM's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. SEDOM's annual contribution rate for calendar year 2018 was 133.81%. For the fiscal year ended June 30, 2019, SEDOM contributed $129,655 to the plan. SEDOM also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The components of the net pension liability of the IMRF actuarial valuation performed as of December 31, 2018, and a measurement date as of December 31, 2018, calculated in accordance with GASB Statement No. 68, were as follows:

Total Pension Liability	$ 17,131,260
IMRF Fiduciary Net Position	17,118,284
District's Net Pension Liability	12,976
IMRF Fiduciary Net Pension as a Percentage of the Total Pension Liability	99.92%

See the Schedule of Changes in the Employer's Net Pension Liability and Related Ratios in the Supplementary Information following the notes to the financial statements for additional information related to the funded status of the plan.

Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2018 using the following actuarial methods and assumptions:

Assumptions	
Inflation	2.50%
Salary Increases	3.39% - 14.25% including inflation
Interest Rate	7.25%
Asset Valuation Method	Market value of assets
Projected Retirement Age	Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2017 valuation according to an experience study from years 2014 to 2016.

For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2018:

Asset Class	Target Allocation	Projected Return
Equities	37.0%	7.15%
International Equities	18.0%	7.25%
Fixed Income	28.0%	3.75%
Real Estate	9.0%	6.25%
Alternatives	7.0%	
Private Equity		8.50%
Hedge Funds		5.50%
Commodities		3.20%
Cash	1.0%	2.50%
	100.0%	

Single Discount Rate

The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this discount rate, the expected rate of return on pension plan investments is 7.25%; the municipal bond rate is 3.71%; and resulting single discount rate is 7.25%.

Changes in the Net Pension Liability

	Total Pension Liability (A)	Plan Fiduciary Net Position (B)	Net Pension Liability (A)-(B)
Balances at December 31, 2017	$ 19,591,472	$ 19,126,320	$ 465,152
Changes for the year:			
Service Cost	$ 18,900	$ -	$ 18,900
Interest on the Total Pension Liability	1,450,048	-	1,450,048
Differences Between Expected and Actual Experience of the Total Pension Liability	(3,795,794)	-	(3,795,794)
Assumption Changes	400,519	-	400,519
Contributions - Employer	-	134,226	(134,226)
Contributions - Employee	-	5,304	(5,304)
Net Investment Income	-	(1,239,656)	1,239,656
Benefit Payments, including Refunds of Employee Contributions	(533,885)	(533,885)	-
Other (Net Transfer)	-	(374,025)	374,025
Net Changes	$ (2,460,212)	$ (2,008,036)	$ (452,176)
Balances at December 31, 2018	$ 17,131,260	$ 17,118,284	$ 12,976

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher than the current rate:

	1% Lower 6.25%	Current Discount Rate 7.25%	1% Higher 8.25%
Net Pension Liability/(Asset)	$ 1,807,876	$ 12,976	$ (1,490,820)

Pension Expense/(Income), Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2019, SEDOM's pension income is $(2,574,255). At June 30, 2019, SEDOM's deferred outflows of resources and deferred inflows of resources related to pension from the following sources were as follows:

Expense in Future Periods	Outflows of Resources	Inflows of Resources	Net Outflows of Resources
Net difference between projected and actual earnings on pension plan investments	$ 2,382,909	$ (1,294,576)	$ 1,088,333
Total deferred amounts to be recognized in pension expense in future periods	$ 2,382,909	$ (1,294,576)	$ 1,088,333
Pension contributions made subsequent to the measurement date	56,134	-	56,134
Total deferred amounts related to pensions	$ 2,439,043	$ (1,294,576)	$ 1,144,467

The deferred outflows of resources and deferred inflows of resources related to pensions will be part of the pension expense in future years as follows:

Year Ending December 31	Net Deferred Outflows of Resources
2019	$ 347,695
2020	114,037
2021	97,537
2022	529,064
2023	-
Thereafter	-
	$ 1,088,333

C. *Social Security*

Employees not qualifying for coverage under the Teachers' Retirement System of the State of Illinois or the Illinois Municipal Retirement Fund are considered "non-participating employees". These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security. SEDOM paid the total required contribution for the current fiscal year.

NOTE 10 - POST EMPLOYMENT BENEFIT COMMITMENTS

Teacher Health Insurance Security Fund (THIS)

General Information About the OPEB Plan

Plan Description

SEDOM participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General (http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp). The current reports are listed under "Central Management Services" (http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp). Prior reports are available under "Healthcare and Family Services" (http://www.auditor.illinois.gov/Audit-Reports/HEALTHCARE-FAMILY-SERVICES-Teacher-Health-Ins-Sec-Fund.asp).

Benefits Provided

The State of Illinois offers comprehensive health plan options, all of which include prescription drug and behavioral health coverage. The State of Illinois offers TCHP, HMO, and OAP plans.

- Teachers' Choice Health Plan (TCHP) benefit recipients can choose any physician or hospital for medical services; however, benefit recipients receive enhanced benefits, resulting in lower out-of-pocket costs, when receiving services from a TCHP in-network provider. TCHP has a nationwide network and includes CVS/Caremark for prescription drug benefits and Magellan Behavioral Health for behavioral health services.
- Health Maintenance Organizations (HMO) benefit recipients are required to stay within the health plan provider network. No out-of-network services are available. Benefit recipients will need to select a primary care physician (PCP) from a network of participating providers. The PCP will direct all healthcare services and make referrals to specialists and hospitalization.
- Open Access Plan (OAP) benefit recipients will have three tiers of providers from which to choose to obtain services. The benefit level is determined by the tier in which the healthcare provider is contracted.
  - Tier I offers a managed care network which provides enhanced benefits and operates like an HMO.
  - Tier II offers an expanded network of providers and is a hybrid plan operating like an HMO and PPO.
  - Tier III covers all providers which are not in the managed care networks of Tiers I or II (i.e., out-of-network providers). Using Tier III can offer benefit recipients flexibility in selecting healthcare providers but involves higher out-of-pocket costs. Furthermore, benefit recipients who use out-of-network providers will be responsible for any amount that is over and above the charges allowed by the plan for services (i.e., allowable charges), which could result in substantial out-of-pocket costs. Benefit recipients enrolled in an OAP can mix and match providers and tiers.

Contributions

For the fiscal year ended June 30, 2019, the State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) requires that all active contributors of the TRS, who are not employees of a department, make contributions to the plan at a rate of 1.24% of salary and for every employer of a teacher to contribute an amount equal to .92% of each teacher's salary. For the fiscal year ended June 30, 2018, the employee contribution was 1.18% of salary and the employer contribution was .88% of each teacher's salary. The Department determines, by rule, the percentage required, which each year shall not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the Teachers' Health Insurance Security Fund (THIS), an amount equal to the amount certified by the Board of Trustees of TRS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-Behalf Contributions to THIS. The State of Illinois makes employer benefit contributions on behalf of SEDOM. For the year ended June 30, 2019, State of Illinois contributions recognized by SEDOM were based on the State's proportionate share of the collective net OPEB liability associated with SEDOM, and SEDOM recognized revenue and expenditures of $5,555 in benefit contributions from the State of Illinois.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2018, SEDOM reported a liability for its proportionate share of the net OPEB liability (first amount shown below) that reflected a reduction for state benefit support provided to SEDOM. The State's support and total are for disclosure purposes only. The amount recognized by SEDOM as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with SEDOM were as follows:

District's proportionate share of the net pension liability	$ 43,036
State's proportionate share of the net pension liability associated with the District	2,948,154
Total	$ 2,991,190

The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2017 and rolled forward to June 30, 2018. SEDOM's proportion of the net OPEB liability was based on SEDOM's share of contributions to THIS for the measurement year ended June 30, 2018, relative to the contributions of all participating THIS employers and the State during that period. At June 30, 2018, SEDOM's proportion was 0.0019830%, which was a decrease of 0.017923% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, SEDOM had benefit income of $40,690 and on-behalf revenue/expense of $5,555 for support provided by the State. At June 30, 2019, SEDOM reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Outflows of Resources
Differences between expected and actual experience	$ 1	$ (1,874)	$ (1,873)
Net difference between projected and actual earnings on pension plan investments	-	(16)	(16)
Changes of assumptions	-	(76,072)	(76,072)
Changes in proportion and differences between employee contributions and proportionate share of contributions	-	(393,962)	(393,962)
Employer contributions subsequent to the measurement date	4,059	-	4,059
	$ 4,060	$ (471,924)	$ (467,864)

$4,059 of deferred outflows of resources related to OPEB results from employer contributions subsequent to the measurement date. Other deferred outflows of resources and deferred inflows of resources related to OPEB will be part of the OPEB expense in future years as follows:

Year Ending June 30	
2020	$ (236,431)
2021	(149,832)
2022	(58,426)
2023	(19,421)
2024	(7,813)
	$ (471,923)

Actuarial Assumptions\

The total OPEB liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary Increases	Depends on service and ranges from 9.25% at 1 year of service to 3.25% at 20 or more years of service. Salary increase includes a 3.25% wage inflation assumption.
Investment Rate of Return	0%, net of OPEB plan investment expense, including inflation
Healthcare Cost Trend Costs	Actual trend used for fiscal year 2018. For fiscal years on and after 2019, trend starts at 8.00% and 9.00% for non-Medicare costs and post-Medicare costs, respectively, and gradually decrease to an ultimate trend of 4.5%. Additional trend rate of 0.36% is added to non-Medicare costs on and after 2022 to account for the Excise Tax.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for THIS experience. For disabled annuitants, mortality rates were based on the RP-Disabled Annuitant Table. All tables reflect future improvements using Projection Scale MP-2014.

The actuarial assumptions that were used in the June 30, 2017 actuarial valuation were based on the results of an actuarial experience study for the period July 1, 2012 through June 30, 2015.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Illinois Public Treasurers' Investment Pool	100.0%	1.30%
	100.0%	

Discount Rate

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since TRIP (Teachers' Retirement Insurance Program) is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rates are 3.65% as of June 30, 2017, and 3.62% as of June 30, 2018. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily required rates.

Based on those assumptions, THIS's fiduciary net position at June 30, 2018 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on THIS investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

At June 30, 2018, the discount rate used to measure the total OPEB liability was 3.62%.

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents SEDOM's proportionate share of the net OPEB liability calculated using the discount rate of 3.62%, as well as what SEDOM's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (2.62%) or 1 percentage-point higher (4.62%) than the current rate.

	1% Decrease 2.62%	Current Discount Rate 3.62%	1% Increase 4.62%
Employer's proportionate share of the net OPEB liability	$ 1,471,672	$ 1,223,935	$ 1,028,413

Sensitivity of the Total OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the total OPEB liability of SEDOM, as well as what SEDOM's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher. The key trend rates are 8.00% in 2019 decreasing to an ultimate trend rate of 4.86% in 2026, for non-Medicare coverage, and 9.00% in 2019 decreasing to an ultimate trend rate of 4.5% in 2028 for Medicare coverage.

	1% Decrease (a)	Healthcare Cost Valuation Rate	1% Increase (b)
Employer's proportionate share of the net OPEB liability	$ 992,434	$ 1,223,935	$ 1,535,883

(a) One percentage point decrease in healthcare trend rates are 7.00% in 2019 decreasing to an ultimate trend rate of 3.86% in 2026, for non-Medicare coverage, and 8.00% in 2019 decreasing to an ultimate trend rate of 3.50% in 2028 for Medicare coverage.

(b) One percentage point increase in healthcare trend rates are 9.00% in 2019 decreasing to an ultimate trend rate of 5.86% in 2026, for non-Medicare coverage, and 10.00% in 2019 decreasing to an ultimate trend rate of 5.50% in 2028 for Medicare coverage.

NOTE 11 - RISK MANAGEMENT

SEDOM is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

SEDOM is a member of the Collective Liability Insurance Cooperative (CLIC), a joint risk management pool of school districts through which property, general liability, automobile liability, crime, excess property, excess liability, and boiler and machinery coverage is provided in excess of specified limits for the members, acting as a single insurable unit.

The relationship between SEDOM and CLIC is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. SEDOM is contractually obligated to make all annual and supplementary contributions for CLIC, to report claims on a timely basis, cooperate with CLIC, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by CLIC. Members have a contractual obligation to fund any deficit of CLIC attributable to a membership year during which they were a member.

CLIC is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Board of Directors. CLIC also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss of reduction and prevention procedures to be followed by the members.

During the year ended June 30, 2019, there were no significant reductions in insurance coverage. Also, there have been no settlement amounts that have exceeded insurance coverage. SEDOM is insured under a retrospectively rated policy for worker's compensation coverage. Whereas, the initial premium may be adjusted based on actual experience. Adjustments in premiums are recorded when paid or received. During the year ended June 30, 2019, there were no significant adjustments in premiums based on actual experience.

NOTE 12 - CONTINGENCIES

SEDOM is not aware of any litigation which might have a material adverse effect on SEDOM's financial position.

Contributions as a Percentage of Covered-Valuation Payroll	138.53%	89.98%	27.52%	9.47%	12.92%

Notes to Schedule:

Actuarial Method and Assumptions Used on the Calculation of the 2018 Contribution Rate *

Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Actuarial Cost Method: Aggregate entry age = normal

Amortization Method: Level percentage of payroll, closed

Remaining Amortization Period: 25-year closed period

Asset Valuation Method: 5-year smoothed market; 20% corridor

Wage Growth: 3.5%

Price Inflation: 2.75%, approximate; No explicit price inflation assumption is used in this valuation.

Salary Increases: 3.75% to 14.50%, including inflation

Investment Rate of Return: 7.50%

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2014 valuation pursuant to an experience study of the period 2011 to 2013.

Mortality: RP-2014 Blue Collar Healthy Mortality Table, adjusted to match current IMRF experience. For disabled lives, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

*Based on Valuation Assumptions used in the December 31, 2016 actuarial valuation; note two year lag between valuation and rate setting.

This schedule is presented to illustrate the requirement to show information for ten years. However, until a full ten-year trend is compiled, information is presented for those years for which information is available.

* - The amounts presented were determined as of the prior fiscal-year end

This schedule is presented to illustrate the requirement to show information for ten years. However, until a full ten-year trend is compiled, information is presented for those years for which information is available.

Changes of Assumptions:

For the 2018, 2017 and 2016 measurement years, the assumed investment rate of return was of 7.0%, including an inflation rate of 2.5% and a real return of 4.5%. Salary increases were assumed to vary by service credit, but the rates of increase in the 2018 measurement year were slightly higher.

For the 2015 measurement year, the assumed investment rate of return was 7.5%, including an inflation rate of 3.0% and a real return of 4.5%. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

For the 2014 measurement year, the assumed investment rate of return was also 7.5%, including an inflation rate of 3.0% and a real return of 4.5%. However, salary increases were assumed to vary by age.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education
Special Education District of McHenry County
Woodstock, Illinois

Report on Compliance for Each Major Federal Program

We have audited

Special Education District of McHenry County's

compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Special Education District of McHenry County's major federal programs for the year ended June 30, 2019. Special Education District of McHenry County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Special Education District of McHenry County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Special Education District of McHenry County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Special Education District of McHenry County's compliance.

Opinion on Each Major Federal Program

In our opinion, Special Education District of McHenry County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2019-001 and 2019-002. Our opinion on each major federal program is not modified with respect to these matters.

Special Education District of McHenry County's response to the noncompliance findings identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. Special Education District of McHenry County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of Special Education District of McHenry County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Special Education District of McHenry County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Special Education District of McHenry County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, described in the accompanying Schedule of Findings and Questioned Costs as items 2019-001 and 2019-002, that we consider to be significant deficiencies.

Special Education District of McHenry County's response to the internal control over compliance findings identified in our audit is described in the accompanying Schedule of Findings and

Questioned Costs. Special Education District of McHenry County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

- **(M)** Program was audited as a major program as defined by §200.518.

***Include the total amount provided to subrecipients from each Federal program. §200.510 (b)(4).**

The accompanying notes are an integral part of this schedule.

---

[1] To meet state or other requirements, auditees may decide to include certain nonfederal awards (for example, state awards) in this schedule. If such nonfederal data are presented they should be segregated and clearly designated as nonfederal. The title of the schedule should also be modified to indicate that nonfederal awards are included.

[2] When the CFDA number is not available, the auditee should indicate that the CFDA number is not available and include in the schedule the program's name and, if applicable, other identifying number.

[3] When awards are received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included in the schedule. §200.510 (b)(2)

[4] The Uniform Guidance requires that the value of federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end be included in the schedule and suggests to include the amounts in the SEFA notes.

NOTE 1 - BASIS OF PRESENTATION

The Schedule of Expenditures of Federal Awards includes the federal award activity of Special Education District of McHenry County under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with requirements of the Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of SEDOM, it is not intended to and does not present the financial position, changes in net assets or cash flows of SEDOM.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3 - INDIRECT COST RATE

SEDOM has elected not to use the 10 percent de minimis indirect rate as allowed under the Uniform Guidance.

NOTE 4 - SUBRECIPIENTS

Of the federal expenditures presented in the Schedule, Special Education District of McHenry County provided federal awards to subrecipients (detailed statement of expenditures) during the June 30, 2019 fiscal year as follows:

Program Title	Federal CFDA Number	Amount Provided to Subrecipients
IDEA - Flow Through	84.027	$ 5,685,006
IDEA - Preschool Flow Through	84.173	174,189

NOTE 5 - FEDERAL LOANS

There were no federal loans or loan guarantees outstanding at year end.

1) Summary of auditor's results:

a. An adverse opinion report was issued due to the use of the Regulatory Basis of Accounting.

b. Two significant deficiencies and no material weaknesses disclosed during the audit of the financial statements are reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.

c. No instances of noncompliance material to the financial statements of Special Education District of McHenry County, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed by the audit of the financial statements.

d. Two significant deficiencies and no material weaknesses in internal control over major federal award programs disclosed during the audit are reported in the Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance.

e. The auditor's report on compliance for the major federal award programs for the Special Education District of McHenry County expressed as unmodified opinion on all major federal programs.

f. There were two audit findings that are required to be reported in accordance with the Uniform Guidance 2 CFR section 200.516(a).

g. The major programs identified were IDEA – Flow Through, CFDA #84.027 and IDEA – Preschool Flow Through, CFDA #84.173.

h. The dollar threshold used to distinguish between Type A and Type B programs was $750,000.

i. Special Education District of McHenry County does not qualify as a low-risk auditee.

2) Findings relating to the financial statements which are required to be reported are detailed in findings numbered 2019-001 and 2019-002.

3) Findings relating to federal awards which are required to be reported are detailed in findings numbered 2019-001 and 2019-002.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ending June 30, 2019

SECTION II - FINANCIAL STATEMENT FINDINGS

1. FINDING NUMBER:[11] **2019- 001** **2. THIS FINDING IS:** [x] New [ ] **Repeat from Prior Year?**
Year originally reported? ________

3. Criteria or specific requirement
The District is responsible for timely payments to subrecipients.

4. Condition
The amount requested on behalf of a subrecipient District for acceptable expenses was never paid to that subrecipient District.

5. Context[12]
The amount requested on behalf of a subrecipient District for acceptable expenses was never paid to that subrecipient District.

6. Effect
The District was reimbursed for expenditures but did not properly flow these funds to the subrecipient District.

7. Cause
This appears to have been an oversight by the District and an isolated incident.

8. Recommendation
The District should reconcile the expenditure account for payments passed through to subrecipient Districts with the expenditure reports submitted to ISBE.

9. Management's response[13]
The District will consider adding this step of reconciliation to their procedures.

[11] A suggested format for assigning reference numbers is to use the digits of the fiscal year being audited followed by a numeric sequence of findings. For example, findings identified and reported in the audit of fiscal year 2018 would be assigned a reference number of 2018-001, 2018-002, etc. The sheet is formatted so that only the number need be entered (1, 2, etc.).

[12] Provide sufficient information for judging the prevalence and consequences of the finding, such as relation to universe of costs and/or number of items examined and quantification of audit findings in dollars.

[13] See §200.521 *Management decision* for additional guidance on reporting management's response.

SECTION II - FINANCIAL STATEMENT FINDINGS

1. FINDING NUMBER:[11] **2019- 002** **2. THIS FINDING IS:** [x] New [ ] **Repeat from Prior Year?**
Year originally reported? ______

3. Criteria or specific requirement
The District is responsible for accuracy of expenditure reports submitted for reimbursement to Illinois State Board of Education.

4. Condition
There was an amount that was unable to be verified as an acceptable expenditure for this grant because backup documentation was not available and the expenditure report was overstated.

5. Context[12]
The District is responsible for accuracy of expenditure reports submitted for reimbursement to Illinois State Board of Education.

6. Effect
There is a possibility that the expenditure reimbursement request was overstated.

7. Cause
This appears to be an isolated incident. The District accidently input the incorrect amount when reporting expenditures for one of their subrecipient Districts.

8. Recommendation
The District should reconcile the expenditure account for payments passed through subrecipient Districts with the expenditure reports submitted to ISBE.

9. Management's response[13]
The District will consider adding this step of reconciliation to their procedures.

6. Passed Through: **ILLINOIS STATE BOARD OF EDUCATION**
7. Federal Agency: **U.S. DEPARTMENT OF EDUCATION**

8. Criteria or specific requirement (including statutory, regulatory, or other citation)
The District is responsible for accuracy of expenditure reports submitted for reimbursement to Illinois State Board of Education.

9. Condition[15]
There was an amount that was unable to be verified as an acceptable expenditure for this grant because backup documentation was not available and the expenditure report was overstated.

10. Questioned Costs[16]
105

11. Context[17]
The District is responsible for accuracy of expenditure reports submitted for reimbursement to Illinois State Board of Education.

12. Effect
There is a possibility that the expenditure reimbursement request was overstated.

13. Cause
This appears to be an isolated incident. The District accidently input the incorrect amount when reporting expenditures for one of their subrecipient Districts.

14. Recommendation
The District should reconcile the expenditure account for payments passed through subrecipient Districts with the expenditure reports submitted to ISBE.

15. Management's response[18]
The District will consider adding this step of reconciliation to their procedures.

For ISBE Review
Date: ______ Resolution Criteria Code Number ______
Initials: ______ Disposition of Questioned Costs Code Letter ______

[14] See footnote 11.
[15] Include facts that support the deficiency identified on the audit finding (§200.516 (b)(3)).
[16] Identify questioned costs as required by §200.516 (a)(3 - 4).
[17] See footnote 12.
[18] To the extent practical, indicate when management does not agree with the finding, questioned cost, or both.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS[19]

Year Ending June 30, 2019

[If there are no prior year audit findings, please submit schedule and indicate **NONE**]

Finding Number	Condition	Current Status[20]

NONE

When possible, all prior findings should be on the same page

[19] Explanation of this schedule - §200.511 (b)

[20] Current Status should include one of the following:

- A statement that corrective action was taken
- A description of any partial or planned corrective action
- An explanation if the corrective action taken was significantly different from that previously reported or in the management decision received from the pass-through entity.
